

AL QUBAISI CONTRACTING

ENGINEERING - CONTRACTING - MAINTENANCE

— A MEMBER OF BIN MOOSA GROUP —

Introduction

Bin Moosa Group a locally owned company established in 1979 by its founder Engineer Sayyah Mohd Moosa Al Qubaisi, a graduate, from Swansea University in UK, with a degree in Mechanical Engineering. The founder defined his goals and targets for his company to be active in different fields and to make Bin Moosa Group the Head Company. Few years later and after the successful start, the founder redefined the scope of the company to lead, direct, advice and manage the group members whether they are fully owned or in partnership or sponsored companies.

Al Qubaisi Contracting was established in 1997. The object of the company is to operate in the building industry which is in its peak at that date. The company's profile is excellent with a clean record, well equipped and owns all the facilities and back up for performing its projects. The company's progress is steady but sure and it maintained a good name in the market financially, technically and administratively.

Company Principle

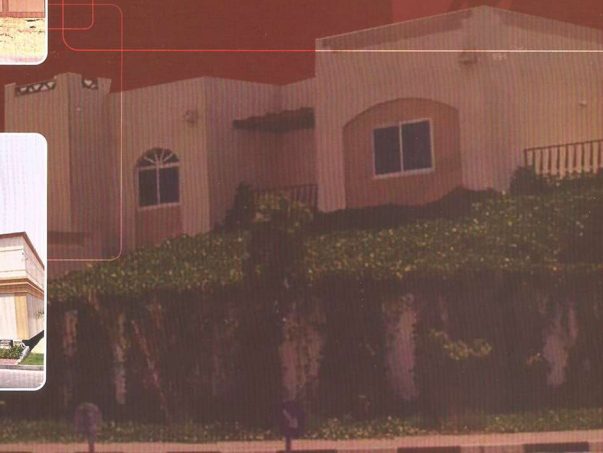

Take quality as the foundation of the brand name, pursues excellence, continue to develop, ever exceed itself so as to tries after development business, strives in the tide head of the time, keeps in the leading position in the construction industry for fashion and taste, takes the concept of the time.

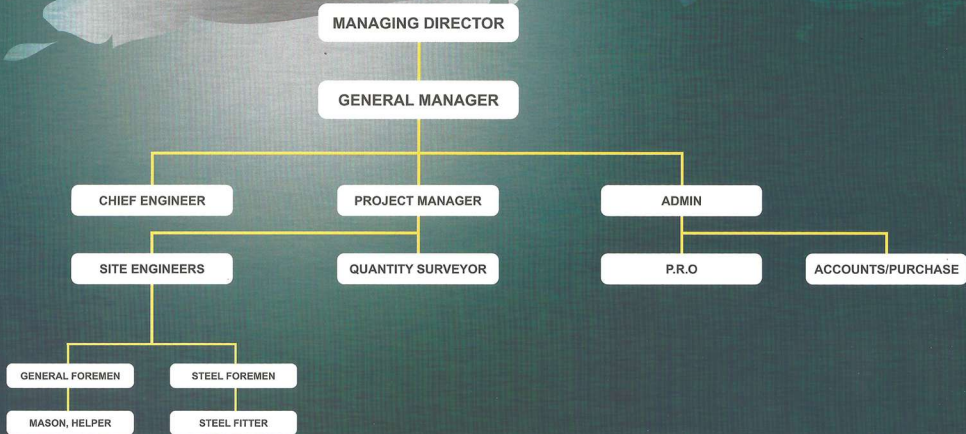

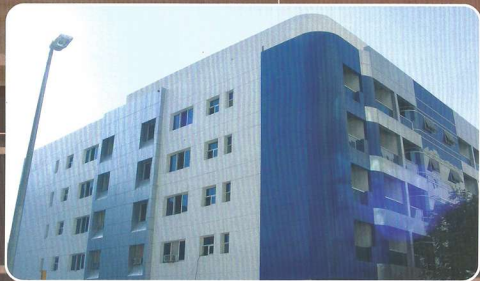

Our Team

Our Team / Employees consisting of Senior Engineers, Architects, Formen & Technicians have acquired well experience in installation and modernization of Al Qubaisi Contracting
